### Technical Documentation

## Essentials

Export specifications

Product Collection	Gigabit Ethernet Controllers (up to 2.5GbE)
Code Name	Products formerly Foxville
Status	Launched
Launch Date	Q4'20
Lithography	28 nm
TDP	2 W
Supported Operating Systems	Windows 10, Linux, Free BSD
Operating Temperature Range	-40°C to 70°C
Operating Temperature (Maximum)	70 °C
Operating Temperature (Minimum)	-40 °C
Use Conditions	Industrial Commercial Temp, Industrial Extended Temp, Communications Commercial Temp, Embedded Broad Market Commercial Temp, Embedded Broad Market Extended Temp, Server/Enterprise, Workstation
Recommended Customer Price	

## Supplemental Information

Embedded Options Available	Yes
----------------------------	-----

## Networking Specifications

Port Configuration	Single
Data Rate Per Port	2.5G
System Interface Type	PCIe v3.1

NC Sideband Interface	No
Jumbo Frames Supported	Yes
Speed & Slot Width	5G, x1
Interfaces Supported	NBASE-T

### Package Specifications

Package Size	7mm x 7mm
--------------	-----------

### Intel® Virtualization Technology for Connectivity

On-chip QoS and Traffic Management	Yes
------------------------------------	-----

### Advanced Technologies

IEEE 1588 	Yes
---	-----

All information provided is subject to change at any time, without notice. Intel may make changes to manufacturing life cycle, specifications, and product descriptions at any time, without notice. The information herein is provided "as-is" and Intel does not make any representations or warranties whatsoever regarding accuracy of the information, nor on the product features, availability, functionality, or compatibility of the products listed. Please contact system vendor for more information on specific products or systems.

Intel classifications are for informational purposes only and consist of Export Control Classification Numbers (ECCN) and Harmonized Tariff Schedule (HTS) numbers. Any use made of Intel classifications are without recourse to Intel and shall not be construed as a representation or warranty regarding the proper ECCN or HTS. Your company as an importer and/or exporter is responsible for determining the correct classification of your transaction.

Refer to Datasheet for formal definitions of product properties and features.

‡ This feature may not be available on all computing systems. Please check with the system vendor to determine if your system delivers this feature, or reference the system specifications (motherboard, processor, chipset, power supply, HDD, graphics controller, memory, BIOS, drivers, virtual machine monitor-VMM, platform software, and/or operating system) for feature compatibility. Functionality, performance, and other benefits of this feature may vary depending on system configuration.

System and Maximum TDP is based on worst case scenarios. Actual TDP may be lower if not all I/Os for chipsets are used.

"Announced" SKUs are not yet available. Please refer to the Launch Date for market availability.

Intel technologies may require enabled hardware, software or service activation. // No product or component can be absolutely secure. // Your costs and results may vary. // Performance varies by use, configuration and other factors. // See our complete legal [Notices and Disclaimers](#). // Intel is committed to respecting human rights and avoiding complicity in human rights abuses. See Intel's [Global Human Rights Principles](#). Intel's products and software are intended only to be used in applications that do not cause or contribute to a violation of an internationally recognized human right.
